About Maileg

**In a busy world of bright lights, bells and whistles,
where new stories are continually impressed upon us...**

Maileg is a world in which matchboxes can be beds for mice; princesses make perfect teatime companions; and adventures can be found on a friendly forest walk. It is a world where cats and mice are friends. Ours is a world of childhood imagination – and this is a world we value.

Maileg (pronounced My'lye) is a brand of charming Danish-designed toys created to inspire our children's favorite playtime stories. By bringing storybook whimsy to everyday moments, Maileg toys help children explore the pure and simple wonder of imagination. Beloved for their heartwarming personalities, Maileg toys show playfulness and charm in every last detail. There is a timeless world filled with beautiful accessories and settings to be collected, cherished and shared with friends and family for generations.

Meet all the Safari Friends

These animals do not like to charge towards people but rather cuddle up with you.
It is not everyday you can get this close to a safari animal.
